

EAST MEETS WEST

EXHIBITION ARTISTS

maria DI RUSSO

A contemporary visual artist, equally skilled at creating oriental, abstract, and transitional abstract artworks that are rich in aesthetic and intellectual value. Some of her works have been featured in exhibitions in New York, California, and South America, while others remain in private collections.

ari HIRSCHMAN

Hirschman's art is emotional, whether it is joy or sadness it is impossible to miss. His love of science and fascination with time and space, and human nature are also represented in his art. He sculpts in bronze because he says it is strong and will last well into the future. His soulful and often primitive sculptures manage to combine the old with the new and each piece tells a story.

james KITCHENS

Florida-based artist with 17 years of experience in casting and metal work. His artwork combines texture, shapes and symbols with vibrant patinas and raw earth on the copper. Kitchens work can be seen in galleries, corporate and public collections and in private collections across the United States and in Europe from Scotland to Spain.

sarah LORD

Native of Alaska, award winner Sarah Lord has been painting professionally in the United States for over 11 years. Expressionistic, painterly, highly personalized poetic style has set her apart. Her Art pushes forth with passionate line work, powerful strokes, vivid colors, and complex textures. Lord is represented in the USA, Canada, Mexico, and Europe.

michelle MOLNAR

Born into a family of artists, Michelle Molnar has painted for as long as she can remember. Equally adept in her use of watercolors, oils and acrylics, her most recent artworks are predominantly pastels.
